- This form is meant for an individual to open an e-Insurance Account (eIA)
- An eIA enables an individual to hold the various types of insurance policies in electronic format in a single account
- This will eliminate the need of holding the insurance policies in physical form
- This account will also act as a single point of contact for the policyholders to update their demographic details with all the insurance companies from where the policies are acquired

An individual can hold only a single elA

### Authorised Representative:

An Authorised Representative is a person appointed by eIA holder who can access eIA in the event of the eIA holder's demise or in his incapacity to access the eIA. The Authorised Representative can only access the e-Insurance Account to know the portfolio of insurance policies. The Authorised Representative may be different from the nominee. The eIA holder has the right to change the Authorised Representative during the term of eIA. The eIA holder should change the Authorised Representative on the Authorised Representative's demise. Where an eIA is operated by the Authorised Representative of eIA holder, the Insurance Repository may block the eIA for any further transactions. In such a case, every transaction shall be routed through the respective insurers.
